Hi John,

I just phoned in regards to seeking a quote. I would like to know what drawings files are required or would a 3-D model suffice.
Also if you could give me a general lead time to work on.

Regards,
Robert

Hi Robert,

If you have a PFD we can quote off that or most types of 3D models like a .step is fine.

Regards,

Hi Mitchel,

I have some machining I need a price on. If I could get separate price on each job as we are still not sure if we are getting it machined or manufacturing in house.

The first job is the following pdf drawings and step file
I need 4 of each part all manufactured from Aluminium 6061

The rest of the files will follow

Cheers,

Robert
